

LTE910PS CARRIER RELEASE DATES

September, 2019

The new Janus LTE910PS POTSwap is currently undergoing carrier and regulatory testing.

*We are projecting general availability for the various carriers as follows:

LTE910PS v1.00 (AT&T) Available now at Janus store

LTE910PS v2.00 (Sprint) TBD

LTE910PS v3.00 (Verizon) – Availability November 15th

LTE910PS v4.00 (FirstNet) – Availability November 15th

LTE910PS v5.00 (T-Mobile) – Availability November 15th

*Subject to change

Janus Remote Communications is currently engineering a solution that will allow customers to upgrade their current 3G (HSPA and EVDO) POTSwaps to be compliant with 4G LTE Networks. The upgrades include new cellular modems and face-plates to conform to LTE network requirements. More information on the 3G to 4G upgrades will be posted by August 1st on the LTE POTSwap pages on the Janus website.
