Janus Announces RED (Radio Equipment Directive) Certification of their LTE910XF v12.00 CAT1 Embedded “X” Footprint Socket Modem for the European marketplace

Aurora, IL – Janus Remote Communications, an industry leader in the design and manufacture of precision IoT products and solutions, is pleased to announce it has achieved RED certification for their LTE910XF v12.00 Category 1 “X” Footprint (XF) Embedded Cellular Modem. The LTE910XF v12.00 incorporates an industry standard 20-pin header and include Telit’s LE910-EU1 LTE module as their cellular engine. The LTE910XF v12.00 operates in LTE bands B1, B3, B7, B8 and B20 with fallback to 2G (GSM/GPRS/EDGE) 900 and 1800 MHz bands.

The Janus LTE910XF v12.00 units provide customers with the fastest possible route to market and are ideal for use in any IoT telemetry and Telematics applications including fleet and asset management, vending, security, health and safety, remote monitoring, e-maintenance and many telemetry applications.

The Janus line of “X” Footprint (XF) embedded cellular Socket Modems are specifically designed to provide customers with cost-effective products that are easily integrated into new and existing designs. They allow users to add robust, scalable cellular connectivity to any IoT application with few integration or cellular certification issues.

Take the complexity out of designing cellular IoT solutions with Janus Socket Modems.

About Janus

Janus Remote Communications provides state-of-the-art wireless products and services as well as custom design solutions for the global IoT marketplace: www.janus-rc.com. Janus solutions are widely used by customers in the areas of asset, process, facility and energy monitoring and control; health, safety and security; and in a host of commercial wireless products.

Janus is a division of The Connor-Winfield Corporation: www.conwin.com.

About Telit

Telit (AIM: TCM), is a global leader in Internet of Things (IoT) enablement, with an extensive portfolio of wireless connectivity modules, platforms, virtual cellular IoT operator services, and professional services, empowering hundreds of millions of connected ‘things’ to date, and trusted by thousands of direct and indirect customers, globally. With nearly two decades of IoT innovation experience, Telit continues to redefine the boundaries of digital business, by delivering secure, integrated end-to-end IoT solutions for many of the world’s largest brands, including enterprises, OEMs, system integrators and service providers across all industries, enabling their pursuit of enterprise digital transformation.

Cost: \$114.50 each at 100 piece quantity – available at our store
