Janus Announces Rogers Certification of their LTE910CF v1.00 CAT3 Embedded Cellular Modem

Aurora, IL – Janus Remote Communications, an industry leader in the design and manufacture of precision IoT products and solutions, is pleased to announce the Rogers “end device” certification of their LTE910CF v1.00 Category 3 Common Footprint (CF) Embedded Cellular Modem. Integrating Telit’s LE910-NAG LTE module as their cellular engine, the LTE910CF v1.00 units operate in LTE bands (B17), (B5), and (B2), with fallback to GSM, GPRS, EDGE, UMTS, or HSPA+ networks as needed. End device certification allows users to implement the LTE910CF in their devices with no further North American carrier certification requirements.

Easily integrated into any new or existing hardware applications via its standard DIP pin configuration, the LTE910CF is a cost-effective solution for LTE IoT (Internet of Things) connectivity. Users can choose to mount the devices directly onto their PC Board or simply mount in a DIP socket or header.

The Janus LTE910CF v1.00 units with their “end device” certification provide customers with the fastest possible route to market and are ideal for use in any IoT telemetry and Telematics applications including fleet and asset management, vending, security, health and safety, remote monitoring, e-maintenance and many telemetry applications. Janus is proud to use Telit technology in their LTE910CF devices.

Telit Communications PLC is a global provider of wireless Internet of Things (IoT) technology and value-added services including connectivity cloud and PaaS Application Enablement Services. www.telit.com

About Janus

Janus Remote Communications provides state-of-the-art wireless products and services as well as custom design solutions for the global IoT marketplace: www.janus-rc.com. Janus solutions are widely used by customers in the areas of asset, process, facility and energy monitoring and control; health, safety and security; and in a host of commercial wireless products. Janus is a division of The Connor-Winfield Corporation: www.conwin.com.

Cost: \$141.00 each at 100 piece quantity – available at our store
