### Janus Announces Sprint POTSwap Registration

**Aurora, IL** – Janus Remote Communications, an industry leader in the design and manufacture of precision IoT products and solutions, is pleased to announce the Sprint registration of our POTSwap. The POTSwap allows landline telephones to replace their POTS (plain old telephone service) connection with a wireless cellular connection.

An FXS connection (RJ11 jack) provides complete Central Office emulation including dial tone, ringing and busy signal generation, as well as DTMF detection and generation. The POTSwap emulates all the functions of a wired telephone connection, is fully compatible with all common modem standards and can be configured to emulate all international telephone line standards.

Configuration of the POTSwap can be achieved via external web page query, SMS message, or a local serial interface connection.

The Sprint EVDO910PS v2.00 POTSwap can be purchased from our distributor, GetWireless. You can find our POTSwap online at [www.getwirelessllc.com/products/janus/potswap](http://www.getwirelessllc.com/products/janus/potswap)

### About Janus

Janus Remote Communications provides state-of-the-art wireless products and services as well as custom design solutions for the global IoT marketplace. Janus solutions are widely used by customers in the areas of asset, process, facility and energy monitoring and control; health, safety and security; and in a host of commercial wireless products. Janus is a division of The Connor-Winfield Corporation: [www.conwin.com](http://www.conwin.com).

### About GetWireless

Established in 2001 and based in Minneapolis, GetWireless is a leading value-added distributor of cellular solutions that connect the Internet of Things. By supporting a strong portfolio of embedded modules, end-device modems, intelligent gateways, and cellular boosters, GetWireless is able to supply the most advantageous cellular solution for each new IoT application. For more information, visit: [www.getwirelessllc.com](http://www.getwirelessllc.com)

### POTSwap price at 100 units is \$500.00
